NOTES TO THE CONDENSED INTERIM FINANCIAL STATEMENTS
FOR THE SIX MONTHS ENDED 31 DECEMBER 2017

1. Reporting entity

First Mortgage Investments (the 'Scheme') is a registered managed investment scheme under the *Corporations Act 2001*. The interim financial report of the Scheme is for the six months ended 31 December 2017.

2. Basis of preparation

(a) Statement of compliance

The condensed interim financial report is a general purpose financial report which has been prepared in accordance with AASB 134 *Interim Financial Reporting* and the *Corporations Act 2001*.

The condensed interim financial report does not include all of the information required for a full annual financial report, and should be read in conjunction with the annual financial report of the Scheme as at and for the year ended 30 June 2017.

The condensed interim financial report was authorised for issue by the directors of the Responsible Entity on 6 March 2018.

(b) Significant accounting policies

The accounting policies applied by the Scheme are the same as those applied by the Scheme for the year ended 30 June 2017.

(c) Use of estimates and judgements

The preparation of the condensed interim financial report requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Except as described below, in preparing this condensed interim financial report, the significant judgements made by management in applying the Scheme's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the financial report as at and for the year ended 30 June 2017.

During the half year ended 31 December 2017 management reassessed its estimates in respect of:

The Scheme considers its capital to be Investor Funds. The Scheme manages its net assets attributable to investors as capital, notwithstanding net assets attributable to investors are classified as a liability.

All units in the Scheme are of the same class and carry equal rights.

As the Scheme is a contributory mortgage scheme, the liability to investors by the Scheme is limited to the extent of their interest in specific mortgage loans and receivables, which have been included as assets of the Scheme.

4. Distributions paid and payable

(1) Prior to 31 December 2017 the Scheme entered into an arrangement which assigns certain interest receivable from current and prior periods to an entity related to the manager. For further information refer to Note 9.

* Refer Note 6 for management fee adjustment.

The Scheme's mortgage investments are secured by a registered first mortgage over real property. The recoverability of mortgage loans is based on independent valuations of security properties with loan to valuation ratios generally not exceeding 80% (2016: 80%).

At 31 December 2017, the Responsible Entity reviewed the carrying value of interest receivable and mortgage loans of the Scheme in order to identify whether any loans or interest may be impaired.

In assessing whether mortgage loans or interest receivable were impaired, the Responsible Entity considerations included but were not limited to:

- Valuations of security properties completed by registered valuers;
- Appraisals of security properties completed by real estate agents;
- Actual sales prices realised on completed projects;
- Collateral security; and
- Estimated time to realise mortgage loans.

5. Mortgage loans and interest receivable (cont.)

Impairment

As a result of this review, the Responsible Entity has identified no impairment losses for the six month period ended 31 December 2017 (31 December 2016: nil). As set out in Note 6, the Manager has previously undertaken to reduce its management fee by the amount of any impairment loss so that there is no reduction in investor funds. The unrealised impairment loss represents estimates of losses that may be incurred based on a number of assumptions including amounts that will be received upon repayment or sale of the security property and the period until funds are returned. There is uncertainty as to the amount that could be realised on the sale of security properties, and the time it may take to achieve a sale. Accordingly, actual impairment losses incurred may differ significantly from these estimates.

There were 46 loans (30 June 2017: 45) that have past their maturity date and are past due at 31 December 2017, with a total principal of \$21,271,000 (30 June 2017: \$17,027,000) outstanding. There are an additional loans, with a total principal of \$7,403,000 (30 June 2017: \$6,528,500) that are considered past due, being that their interest payments have not been met when they were contractually due.

Interest payments on selected loans have been made by a related party of the Responsible Entity under the Income Protection Plan. The Responsible Entity has entered a deed of assignment for certain interest payments that are outstanding at 31 December 2017. Refer to Note 9.

6. Management Fee

	31 December 2017	31 December 2016
	\$	\$
Management fees paid and payable	1,125,686	1,008,630
	<u>1,125,686</u>	<u>1,008,630</u>

The Manager, First Mortgage Investments Pty Ltd, has undertaken to reduce its management fee by the amount of any impairment loss so that there is no reduction in investor funds. In the event that the impairment loss is more or less than the estimate at 31 December 2017 of \$nil (31 December 2016: \$nil) the Manager's fee will be varied accordingly at the time the loss is realised. The Scheme entered into an arrangement prior to 31 December 2017, which assigns certain interest receivable from current and prior periods to an entity related to the Manager. Refer to Note 9.

FOR THE SIX MONTHS ENDED 31 DECEMBER 2017**

7. Financial Risk Management

The Scheme's financial risk management objectives and policies are consistent with that disclosed in the annual financial report as at and for the year ended 30 June 2017.

Carrying amounts versus fair values

At 31 December 2017, the Directors consider that the carrying value of the financial assets and financial liabilities approximate their fair values.

8. Liquidity Risk

Liquidity risk is the risk that the Scheme may not be able to meet its obligations in relation to investment activities or funding unit holder redemptions. The liquidity risk associated with the need to satisfy investor's requests for redemptions is mitigated by offering only fixed term investments with terms that match the term of the underlying mortgage, and by maintaining a cash reserve.

9. Related Parties

Except for as disclosed below, there have been no significant changes to the related party transactions disclosed in the last annual report.

The Scheme entered into an arrangement on 1 July 2009, which was formalised by a Deed of Assignment dated 18 October 2010. The arrangement assigns certain interest receivable from current and prior periods to First Mortgage Investments Pty Ltd. During the period ended 31 December 2017 a total amount of \$93,338 (2016: \$166,062) was assigned to First Mortgage Investments Pty Ltd and the total interest assigned at 31 December 2017 for loans outstanding at that date was \$2,571,695 (2016: \$2,381,715).

If the Scheme had not entered into this arrangement, total impairment losses at 31 December 2017 of \$2,571,695 in relation to the assigned interest receivable on mortgage loans would have been incurred by the Scheme to date on loans outstanding at 31 December 2017 (2016: \$2,381,715).

10. Subsequent Events

There has not arisen in the interval between the end of the interim period and the date of this report any item, transaction or event of a material and unusual nature likely, in the opinion of the Responsible Entity, to affect significantly the operations of the Scheme, the results of those operations, or the state of affairs of the Scheme, in future financial years.

Responsibilities of the Directors for the Half-year Financial Report

The Directors of the Scheme are responsible for:

- the preparation of the Half-year Financial Report that gives a true and fair view in accordance with *Australian Accounting Standards* and the *Corporations Act 2001*

Auditor's responsibility for the review of the Half-year Financial Report

Our responsibility is to express a conclusion on the Half-year Financial Report based on our review. We conducted our review in accordance with *Auditing Standard on Review Engagements ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the Half-year Financial Report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the Scheme's financial position as at 31 December 2017 and its performance for the half-year ended on that date; and complying with *Australian Accounting Standard AASB 134 Interim Financial Reporting* and the *Corporations Regulations 2001*. As auditor of First Mortgage Investments, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a Half-year Financial Report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with *Australian Auditing Standards* and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*.
